GERRIT SLATER WELL KNOWN IN HOLLAND REACHES AGE OF 58 YEARS.

Yesterday at his home in Kalamazoo Gerrit Slater died at the age of 58 years. Mr. Slater was a brother-in-law of J. J. Cappon of this city and the Cappons left for Kalamazoo today in their automobile. The deceased is survived by a widow and two daughters.

Mr. Slater, who was a stone contractor, is well known in Holland and has done considerable work here. He did the stone work for the Holland City State bank building, for Hotel Holland when it was remodelled and for the Kremer building, East 8th street.

PERSONALS

Mrs. H. Schrik and son Egbert, from Chicago have been spending a week and a half at the home of Mr. and Mrs. Jake Arnoldink on West 17th street.

Misses Nellie De Spelder, Helen Huizenga and Peter Philm have returned from their seven weeks visit to Minnesota, Iowa and Nebraska.

Warm Council Meeting.

At the meeting of the Common Council last evening many interesting and timely questions caused considerable discussion and at times feelings ran high. A large number of citizens who were interested in the different questions which were under consideration were present and given an opportunity to express themselves to the council. A great deal of routine business was also transacted and taken altogether the meeting was rich in results.

The committee on streets and cross walks were given authority to see that the work on West First street is completed as soon as possible. A request by the Dearborn Engraving Co., asking for sewer connections for their new factory which is under course of construction on Twenty Fourth street was referred to the committee on sewers and water courses.

A petition by the Cappon and Betsch Leather Co., asking for an extension of time on the laying of a cement walk on West Ninth street between Pine and Maple streets stating that there is a movement on foot to pave Ninth street and that this question and the grading of the street should be settled before laying their walk was the first question to cause much discussion. Ald. Hansen objected to the granting of the petition saying that this was only a step toward evading the laying of the walk. Ald. Drinkwater stated that although there has been a petition circulated among the property owners on Ninth street for paving there are but a very few signers.

Ald. Mersen took the stand that when the council did order the company to lay a cement walk on this block they did something that they should not have done, that they listened to the talk of a lot of people who were sore on the company and that the whole petition had been made up mostly by soreheads. Ald. Hansen objected to this statement and said that was no reason for granting extension as the property owners on the south side of the street have been forced to lay the walk and the company is well able to afford the expense. As for the petition being made up by a lot of sore heads he said that that was not true and was a trumped up falsehood. Ald. Mersen was on his feet at once and said that that was not a trumped up falsehood; that since the council has ordered in this walk he had done a little investigation of his own and that he was reasonably sure six out of seven of the signers of that petition were discharged employees of the concern who were sore retaliation. He said "You may call me anything that you care to. Ald. Hansen and you may use plain English to do so but until it is shown that I am wrong I will maintain the truth of my statement." Ald. Hansen was on his feet with a reply ready but the mayor called a halt reminding the belligerent members that they were there for business and not to indulge in personal arguments.

City Attorney Van Duren told the council that the time named by the council for the laying of the walk had already expired whereupon Ald. Mersen moved that the former action of the council be rescinded and that the city engineer be instructed not to lay the walk. Some of the aldermen were in favor of granting the petition asking for an extension of time but wanted the length of time to be specified. It was finally decided to drop the matter for the time being and to take it up at a later date.

It was brought to the notice of the council that a building is being moved through the streets in the second ward and that none of the city officials knew by what authority this is being done. The council will investigate this and if it is found that the mover is violating the ordinance to revoke his license.

Ald. Lokker, chairman of the poor committee presented his bills. Ald. Brower asked that unless there was any objection he would like to have these bills read as he felt that the council should know just where the city's money goes. The bills were read and then Ald. Lokker said that he felt that Ald. Brower had something or other up his sleeve and asked the alderman to say just what it was. He felt that he had done his best and if there was anyone on that list who should not receive the city's money he would gladly go with any one and investigate. Ald. Brower had not the least fault to find with the committee or the chairman having only words of praise for Mr. Lokker. Rather he felt that there are people who receive money from the city who are not entitled to it.

The granting to the Bull Moose party to use of the court room of the city hall for their county convention Saturday also caused discussion. The aldermen felt that they were treading dangerous ground. They did not object to conventions being held there but were opposed to having party caucuses of any kind in the city building. It was decided to grant all political parties the use of the court room for county conventions on suitable dates, there being no ward caucuses to be held there.

The Nineteenth street baseball grounds again came in for a lion's share of the debate. The special committee appointed to investigate the conditions of the grounds and to make recommendations was divided. This committee was composed of

Aldermen Brower and Stenenberg of the Fifth ward and Ald. King. The committee was divided on the report the aldermen from the Fifth bringing in a majority report and Ald. King a minority report.

The report of the majority was to the effect that the committee had investigated the grounds and conditions and that they had found the fence and grand stand to be in very unsanitary condition and were a serious detriment to the property owners and taxpayers; that the fence and grandstand encroached upon the city streets which in their opinion was not right as the city did not permit any others to build upon the streets and had no right to do so either. They recommended that the fence and grandstand be removed.

Ald. King then read his report agreeing with the majority report in many things; he believed that the grounds should be kept orderly and in a sanitary condition; that the grounds were well situated for their purpose and on city property but as the fence and grandstand were on the street they should be moved on to the park grounds. He moved that the minority report be adopted and this was then seconded by Drinkwater.

Dr. Godfrey the city health officer who was present at the meeting was asked to tell what he knew of the conditions. He said that he had dealt only with the sanitation of the grounds; that the grounds have been in an intolerably unsanitary condition but that had been corrected and they were now in good shape. He said that a year ago everything had been kept up alright but that during the cold weather the water had been shut off from the grounds and that some reason or other had not been again connected. He said that he took the stand that the grounds must be kept in a sanitary and cleanly condition or they would be locked and kept locked.

Ald. Harrington said that the grounds were a menace to the residents of that part of the city and that he was opposed to forcing them to submit to such conditions as had been described.

Ald. Lokker said that while he did not want anybody to think that he wanted to throw water upon the playground proposition or the ball players he would object most strenuously if the grounds were near his home and that if the conditions that had been described were true he felt that the best thing would be to burn fence, grandstand and all.

Ald. Mersen said that when the question had first been brought up at a previous meeting he had been in favor of removing the fence and grandstand but that since the conditions had been remedied he had changed his mind. He felt that the grounds can be kept orderly by judicious management as well as any other place in the city. He said there have been other places in our city which have been as much of a nuisance as the ball grounds and that these places had not been as far from the center of the city as the ball grounds either. He said that when the college campus had been as much nuisance as the ball grounds now are no one had appeared with a petition asking for the removal of the college. He believed that the grounds would be improved and that when there would be a park there the citizens there would reap the benefit; that at the most there are only a few who frequent the grounds and cause the disturbance and that with the police working toward the cleaning up of that crowd past conditions would soon be done away with.

Ald. Hansen felt that the fence and grandstand should be removed from the street but as far as tearing them down he felt that the city had no right to do anything like that as the expense of their erection had been borne by private citizens and that they had been given a lease by the city which is yet unexpired.

Ald. Brower was given the floor and asked to be permitted to give his place to a resident in order that they might be heard again. Ald. King objected to this on the grounds that the council needed no help to do business but was over ruled. The people living in the neighborhood of the grounds wanted to know by what right the fence had been built in the street and that admitting they had no right why the obstacles were not removed.

A yea and nay vote was taken which resulted in a tie five being in favor of adopting the minority report, and five opposed. Mayor Bosch decided the vote in favor of the report, saying that he believed that the Chief of Police and the Health Officer could keep things right. This decision of the matter is but temporary until some better means can be found for settling the question. In the meantime unless conditions at the grounds are satisfactory the objectionable fence and grandstand will be torn down. The council can bring up this question at any time and take action on it.

For a time after the vote had been taken there was a general discussion in which both council members and citizens took part. G. Blom rose to his feet and said, "Mr. Mayor, I make a motion that I give you \$25 to let me hold that hammer of yours for about two minutes. I know then how things will go." Some felt that this place is a nuisance and should not be allowed any more than any

other nuisance would; others that if the city had given a lease on the grounds which had not yet expired neither the common council nor the Board of Public Works or any person or persons could do anything. The discussion kept growing warmer and the mayor called a recess of three minutes in order to give all a chance to talk the matter over informally.

After the recess the mayor read a message to the council from himself calling to mind the fact the Employers Liability and Workmen's Compensation act passed by the state legislature will go into effect Sept. 1 of this year and that as the city will have to handle its share of it he wanted the council to think the matter over and decide on some of the questions that will have to be cared for. A special committee consisting of the mayor, the city attorney and the Ways and Means committee was appointed to look into the matter.

When the question of vacating Fourth street West of River was brought up in connection with the opening up of Lake street Mr. Hugh Bradshaw, a property owner in that part of the city objected to the vacating of this street. When the resolution was unanimously adopted by the council Mr. Bradshaw left the chamber making a dramatic exit when at the door he paused and bowing to the assembled members he said "Gentlemen you will hear from me later in this matter."

Ald. Dyke gave notice that in two weeks he will introduce an ordinance relative to druggists.

The inspectors for the primary elections to be held were appointed last evening are First ward, Arthur Van Duren; Second, Louis Bouwman; Third, John De Kooyer; Fourth, Henry Pelgrim, Jr.; Fifth, John Luidens. The council then adjourned.

DIEK, LEAVES TODAY

Gerrit J. Diekema, former congressman from the Fifth district, will be chairman of the speakership bureau of the Republican party during the fall campaign. Mr. Diekema will make his headquarters in Chicago until after election, and leaves today to plan the campaign.

Mr. Diekema was in charge of the Taft campaign in Michigan prior to the national convention. He will have a big job on his hands in mapping out the speakers' courses. He expects to have at his command a large number of progressive speakers who will be sent out into the territory where progressivism is hottest. His appointment to this important post in the national campaign means that Michigan will have about the best speakers the Republican party can produce.

JENISON PARK

"It is a safe bet that Woodrow Wilson and Governor Marshall will get a pretty good vote at Jenison park," said Mrs. M. S. Marshall, proprietor of the Marshall House at that place. The governor of Indiana and the candidate for the vice-presidency on the Democratic ticket is the nephew of the Jenison Park woman. While Mr. Marshall was still living he always kept in pretty close touch with his family when they lived in Petoskey. While they have been residing at Jenison park they have often extended invitations to him to come and see Holland and the Black Lake resorts during the summer season, but heretofore he has always been too busy to take advantage of his relatives' hospitality. He has held out the hope however that as soon as he has been elected to the vice-presidency he may have time to accept the standing invitation. The Marshalls at Jenison Park have no doubt but that he will be elected, and the but that he will be elected, and the family all over the country is boosting the Democratic ticket. Mrs. Marshall at Jenison Park is putting in some strong Hicks and if women could vote in November she would have not the slightest difficulty in making up her mind whom to cast her first ballot for.

Louis Davis, 11-year-old son of Mr. and Mrs. L. Davis of Shelbyville, Ind. who are staying at the Marguerite cottage at Macatawa was taken to the Butterworth hospital in Grand Rapids where he underwent an operation for bloodpoisoning. For some time the lad has not been in good health and the parents and physicians who were called in were puzzled by his condition. Friday an X-Ray was taken of his leg and it was seen that a needle had lodged in the kneecap. How it came there and when are not known. Dr. T. G. Green also of Shelbyville, performed the operation and it has turned out successful.

OVERISEL

Wm. H. Manwaring, who was an old resident of Overisel, Allegan county, disappeared in April, 1900 and nothing has been seen or heard of him since. He left a considerable estate and as his guardian has recently made his final report and nothing has been heard of Manwaring. Judge Harry Jewell has been appointed administrator. Manwaring has been declared legally dead, and steps have been taken toward dividing his estate, amounting to upwards of \$25,000 among his heirs.

HAMILTON

Two watches were left. The theft was committed before midnight.

HUT OF OTTAWA NEGRO SENT TO POOR HOUSE CONTAIN-ED NO WEALTH.

Dr. Arthur Turner, city health officer and City Marshal John Welch of Grand Haven, have been engaged in cleaning up the Harvey Blount residence during the last few days. For some time there have been many complaints as the filth and stench arising from the place. Several attempts have been made to clean up the place, but the overhauling which the place received this time was complete. All of the dirt and accumulation was burned, and the entire place rooted and dug up.

The stories of the wealth alleged to have been stored away in the house proved to be myths and the largest piece of money found among the old colored man's possessions was a twenty-five cent piece which fell out of an old couch. A little ornament made from a gold dollar, with cross cannons engraved upon it was also found. Stored away in some old trunks the officers found many yards of new white cotton cloth still on the bolts which the old man had been saving for no one knows how long. The officers estimated that from 600 to 700 yards were contained in the place.

HANS DYKHUIS FOR SHERIFF

The people of Ottawa County are entitled to and want a real sheriff; a man of courage, ability and integrity. One who is not afraid; who will be a terror to evil doers; a man whose habits of life and whose associations have been such that he can and will represent the people and not any organization or association of law breakers. A man who has demonstrated by his past services that he can and will enforce the law without fear or favor to anybody. A man who will not close his eyes to

open and notorious violations of the law. The life, the liberty and the property of every man, woman and child in the county depend upon the faithful performance of the duties of the sheriff and his force. Good laws are but dead letters on the statute books if the sheriff does not have the courage and ability to enforce them.

Hans Dykhuis meets every requirement of this office and his past services are an ample guarantee to the people that if elected as sheriff he will perform every duty of the office to the entire satisfaction of the people. He is in the prime of life, strong, well-balanced, courageous and familiar with the duties of a sheriff. The people will take no chances in electing him. Others may or may not do as well. He is sure to do well. Why take any chances when such a man is a candidate? 1 wk.

WHAT THE DETROIT NEWS SAID OF SENATOR CARL E. MAPES

Republican Candidate For Nomination

CONGRESS

"Floor leader of the progressives in the present legislature."

"There is something about the young senator from Grand Rapids that leaves no doubt as to his sincerity whenever he takes a position. Quiet, unassuming, slow of speech, the reverse of the theatrical in his style, yet meeting each issue as it comes with never a sign of fear or favor, stiff-backed and aggressive when his position is assailed, Mapes presented an unique type of the genus statesman. He delves deeply into every question he tackles, and he tackles just about every important question the legislature faces. He is usually working. He takes sides almost always, and after other senators have spoken opinions, often less considered, Mapes enters the ring."

"Mapes led the fight for the presidential primary. He got nineteen votes on his side in the senate to thirteen against. He led the fight for the state wide primary. He fought on the floor of the senate for the initiative, referendum and recall. He helped Senator Frank James get a two cent railroad fare and election of mining inspectors by the people for the upper peninsula. When Corporation Counsel Hally came out to the legislature last year to have the home rule bill amended in a way that Hally said would permit an immediate vote on municipal ownership for Detroit, it was Mapes instead of any Detroit senator who aided Hally most. Mapes spoke in favor of, and voted for a workingman's compensation act."—Pol. Adv.

Still in the Race

Frank B. Salisbury is a candidate for the republican nomination of sheriff of Ottawa county. In spite of all that has been said against him and about him by political enemies for the purpose of injuring him with the voters, "the best officer the county ever had" is still in the race and will be in it until the last votes are counted after the primaries August 27.

Altho Mr. Salisbury has been a member of the sheriff's staff of Ottawa county through the administration of Sheriff Woodbury and Sheriff Andre he has received only a monthly salary for his excellent police work. The people of Ottawa county well know Frank Salisbury's record as a hunter of criminals, and they know also of the great number of difficult criminal tangles which have been worked out by this officer. They know that he is a man of nerve and that he never has hesitated to act in response to the call of duty, no matter what the requirement. They know that he has always stood ready to act. If he has been called upon to act against his own interests, that fact has never deterred him.

Naturally he has made bitter enemies during his career as an officer, as evidenced by the determined effort made to put him out of the race.

The efforts failed miserably however, and Mr. Salisbury is still a candidate. He believes that the people of Ottawa are ready to stand by him and his many friends are with him to the finish. They believe he is entitled to the job and that he has earned his spurs by hard service. The voters are asked to support "the best officer Ottawa ever had" at the primaries, on August 27.—Pol. Adv.

ACTIVE PREPARATIONS BEING MADE FOR SATURDAY'S TAG DAY.

Saturday August 24, will be known as "Tag Day" in Holland and each one will be asked to buy a tag to help along the cause of the Michigan Children's Home society. This society cares for homeless and friendless children from all parts of Michigan. This is a placing out society, good homes being found for the children as soon as possible. After careful investigation in each case has been made, an effort is made to preserve the family if consistent with the welfare of the child. Those which are admitted for temporary aid are placed in private, selected homes at board, under constant supervision of agents of the association. If it is a possible thing parents or relatives are required to pay board for the child. Brothers and sisters are kept together and, if circumstances which have broken up the family can be adjusted, the family is reunited. When there is no hope of the re-establishment of the family, children are placed for adoption. Several such have found homes in good families in Holland. That is one reason why there is a special interest in the Home in this city.

The society is non-sectarian and has no public aid. It is supported entirely by the voluntary contributions. The state institutions are not open to crippled children, their only place being the county poor house. The Michigan Children's Home society provides a refuge for such as those. The great work that has been done for the normal dependent child, over 1,300 having been placed in good homes, must now be extended to the even more unfortunate. A special fund for the help of these little crippled, homeless, dependent children is desired.

Each person will show his sympathy and give assistance by buying a tag Saturday, August 24. There is no person in Holland whose sympathy would not be aroused and whose heart would not be touched by the appeal that is made for these poor little children. No doubt the ladies will meet with great success and a substantial sum will be added to the fund for the support of those little unfortunates.

MISS ANN SUSAN SCHUELKE AND THE REV. JAS. T. VENENKLASEN UNITED IN MARRIAGE.

One of the prettiest of the summer weddings took place Thursday night in Hope church when Miss Ann S. Schuelke, daughter of the Rev. and Mrs. Paul F. Schuelke, was married to the Rev. James Theodore Veneklasen of Stillwater, N. Y.

Yellow was the predominating color used in the floral decorations, the platform and choir rail being barked with palms, ferns, and golden glow, while trailing vines, ropes of smilax and huge bows of yellow adorned the cornices and light brackets.

Preceding the ceremony, which was set for 7 o'clock, a program of bridal music opened with an organ solo by Dr. John Martyn Warbeke of Williamstown, Mass., brother of the bride. Dr. Warbeke played artistically a "Prelude" by Rheinberger and "Esis ein Res enspringen" by Brahms. A ladies' chorus composed of the Misses Helene Keppel, Ethel Dykstra, Emma Catchart, Gertrude Keppel, Avis Yates, Myrtle Beach and the Mesdames Helene Pardee and J. A. Vander Veen of this city, Mrs. Walter Hartley of Grand Rapids, Miss Edith Demorest of Bay City, Miss Nelva Moerdyk of Grandville and Miss Mae De Pree of Zeeland, wearing handsome evening gowns, sang "Tis Thy Wedding Morning" from "The Rose Maiden" by Cowen. Prof. J. B. Nykerk directing. Following this chorus, Miss Helene Keppel sang "Beauteous Night" from the "Tales of Hoffman" by Offenbach with violin obligato by Miss Avis Yates.

To the strains of the stately bridal chorus from "Lohengrin," sang as a processional by the ladies' chorus, Dr. Warbeke accompanying, the bridal party entered the church by the west aisle. The ushers, Mr. James C. De Pree and Mr. Theodore Moerdyk of Zeeland, Mr. Cornelius Vander Meulen of this city and Mr. Henry Bilkert of Kalamazoo, were followed by the bridesmaids, Miss Marie Dykstra and Miss Louise Warnshuis of this city, Miss Margaret Hopson of Grand Rapids, and Miss Jennie Veneklasen of Zeeland. Miss

Dykstra and Miss Hopson wore becoming gowns of yellow messaline. Miss Veneklasen was in yellow crepe de chine and Miss Warnshuis in yellow chiffon over yellow silk. All wore Juliet caps of yellow tulle and carried arm bouquet of yellow chrysanthemums. The maid of honor, Miss Minnie Schuelke, preceded the bride. She was attired in a hand some gown of yellow messaline made en train, with a jacket allover lace, wore a bridesmaid's veil of yellow tulle and carried an army bouquet of yellow chrysanthemums.

Miss Schuelke was escorted to the altar and given in marriage by her father, the Rev. Paul F. Schuelke. She was most charming in her bridal robe of white satin with court train and bridal veil and carried a beautiful shower bouquet of bride's roses and buds. Her only ornament was a lavellier chain set with pearls, the gift of the groom. She was met at the altar by the groom and his best man, Mr. Manley Stegeman of Zeeland, and the officiating clergyman, Prof. John E. Kuizenga of Hope College. The services used was the impressive double ring service of the Presbyterian church, the best man and maid of honor presenting the rings and the bride and groom repeating their vows. At the conclusion of the ceremony, Mrs. Hartley sang softly "O, Perfect Love" by Burleigh. The party left the church by the east aisle to the spirited Mendelssohn "Wedding March" played by Dr. Warbeke.

A reception to 150 guests followed at the home of the bride's parents, 113 East Thirteenth street. Yellow roses, nasturtiums and golden glow decorated the parlors and dining rooms. The guests were received in the large living-room by the Rev. and Mrs. James T. Veneklasen, the Rev. and Mrs. Paul F. Schuelke, Mrs. Ralph Veneklasen of Zeeland, mother of the groom, the maid of honor, best man and bridesmaids. Mrs. Schuelke wore black grenadine over lavender satin with lace trimmings. Mrs. R. Veneklasen was in grey crepe de chine. The punch bowl in the parlor was in charge of Miss Ethel Dykstra of this city and Miss Martha Ossewaarde of Zeeland. An elaborate wedding supper was served by the Misses Anna Warnshuis, Bernice and Jeanette Mulder, Frances and Geneva VanPutten, Ethel Dykstra, Delia and Martha Ossewaarde and Cornelius Muste, Leon Mulder, Henry Pyl and Verne Oggel. Prof. E. D. Dimment was master of ceremonies, Mrs. J. P. Oggel was mistress of ceremonies. The floral decorations both at the church and house were in charge of Mr. and Mrs. J. S. Dykstra and Mrs. Dykstra had charge of the gift room. The wedding gifts were numerous and included furniture, silver, cut glass and china. The bride's gift to her bridesmaids were hand-painted plates. To her maid of honor she gave a gold bracelet. The groom's gifts to his best man and ushers were scarf pins.

The Rev. and Mrs. Veneklasen left the same evening for a short wedding trip and will return to this city before going to their future home at Stillwater, N. Y. Mrs. Veneklasen's traveling suit was of dark blue with hat of white felt trimmed with wings. Both bride and groom are graduates of Hope College and preparatory school. After his graduation, Mr. Veneklasen took a business course at the McLachlan Business University and was for two years associated with the Zeeland Brick Co. In 1909 he entered the Theological Seminary at New Brunswick, N. J. from which he was graduated in May and was then called to the pastorate of the Schomaker Memorial Presbyterian church at Stillwater, N. Y. Mrs. Veneklasen has been for the past two years an assistant teacher in the grammar department of the Holland Public schools. She has been very prominent in local musical circles and was for five years organist of Hope church.

Among the out of town guests at the wedding were Dr. John Martyn Warbeke of Williamstown, Mass.; Mr. and Mrs. Edward Kuck of Peoria, Ill.; the Rev. and Mrs. John M. Vander Meulen of Louisville, Ky.; the Rev. and Mrs. J. Carleton Pelgrim, of Jersey City, N. J.; the Rev. and Mrs. Victor W. Blekkink of Long Branch, N. J.; and Mr. and Mrs. Walter E. Hartley of Grand Rapids.

My Last Appeal

TO THE REPUBLICAN VOTERS:—

I am no politician. My means are limited. I am unable to see you all in person before Primary Day, August 27, so please take time to read this.

Single-handed and without aid from any faction or political body, I am conducting my own campaign for the nomination for Sheriff of Ottawa County. The office is the HIGHEST HONOR the county can bestow, and SHOULD NOT BE ABUSED.

As A. E. Bonner, a majority of Ottawa County residents have known me for over fifteen years seven of which I was Deputy Sheriff. During my residence in this county I have always been, and am now, in business. I have built up a NATIONAL REPUTATION in the Selling and Raising of Man-Trailing Bloodhounds, and, if elected, the use of my hounds will cost the county nothing. I have enjoyed more than a fair amount of prosperity. Success in private life is an INDISPENSABLE QUALIFICATION for public office seekers. Remember that.

Property holders are interested in paying the lowest possible tax rate. Proper and honest administration in the Sheriff's means much to the taxpayer.

I stand for the abolition of the fee system, the notorious "HOBOTRAFF," and for an economical administration. That was my platform before the Grand Jury investigation, and still is. If nomination and elected, I will carry out these reforms.

Is my word good? Do I mean it? Am I to be trusted? Others have failed to make good. To satisfy yourself, look me up. Ask those who know me best. Then cast your vote for Sheriff as your conscience dictates.

My campaign has been consistent. I will continue working to the last minute. You will not see me rushing around just before the finish, flanked by the political pillars of the county and peddling misleading promises!

Now is the time to throw off the yoke. Think for yourself for once. Are you willing to give your vote for an honest and economical administration.

Sincerely yours,

A. E. BONNERS,

A. J. NYLAND'S CANDIDACY

A. J. Nyland, candidate for the Republican nomination of sheriff has

never before been a candidate for brother, Cornelius Nyland, was a can-

didate for the place but this is "John" Nyland's first bid for county office. Some years ago his office.

Mr. Nyland has been signally honored by the people of his home town of Grand Haven. He has been mayor of the city, for twelve years he was alderman of the Fourth Ward of the city, and is now a supervisor representing the Fourth Ward on the Board. In all these positions of trust John Nyland has never been found wanting. Ask the people of the city of Grand Haven what they think of Mr. Nyland and they will tell you that he has always worked for his constituency, has been square and upright and straight from the shoulder.

Mr. Nyland has been admirably fitted for the sheriff's office being fair and firm in his dealings and if nominated and elected will give the county an administration unimpeachable and free from scandal.

YOUNG WOMAN FROM NETHERLANDS HAS GIVEN HER LIFE TO THE WORK.

Recently Visited Holland and Is Now Speaking in Kalamazoo.

Miss M. D. Van Hoogstraten of The Hague, the Netherlands, who visited Holland recently in behalf of the leper colony in Dutch Guiana and who is now in the same cause in Kalamazoo, has made the alleviation of the sufferings of lepers in Dutch Guiana her life work.

Leaving a beautiful home in the Hague, Netherlands, and splendid opportunities for life, this young woman, who is cultured refined and well educated, has consecrated her life her education and all her ability to the work of helping these poor afflicted people. Becoming interested in the leper colony while traveling in Dutch Guiana a year ago, after spending five months in investigating the needs and possibilities of the colony, Miss Van Hoogstraten decided to devote the remaining years of her life to the work. Last May she began her work in America and she has traveled through all the eastern states and is now en route to the Pacific coast.

She comes to this country in the interests of the Bethesda Home, located three hours out of Bethesda, Dutch Guiana, which is maintained by the Dutch Reformed, the Lutheran and Moravian denominations.

"It is a world-wide movement, this movement to isolate the lepers and to care for them in a humane way," says Miss Van Hoogstraten. "When one knows that incubation lasts from three until five years, and that people may have the leprosy without its being detected, during the period of incubation, it becomes a serious matter for the people of the United States as well as every other country to consider. People are daily coming in to this country, many of whom may be already infected with the disease, though they are unaware of it, and it is not detected. That means that when the disease develops, there is this loathsome leprosy in the United States. That is the reason why occasionally a leper develops in this country."

"But aside from all this there is the humane side of it. These poor sufferers many of whom are negroes, when they are stricken with the leprosy must live in their miserable homes, in unspeakable filth and destitution, for they are not in a position to do any work for any one, because of the infectious nature of their disease. There is absolutely no hope for their recovery and they simply spend the remaining years of their life in this horrible misery and filth attended by terrible suffering."

"In Paramaribo there is a population of 30,000 and of this number 3,000 are lepers. Of these 2,600 are in their homes, while 400 are cared for in asylums. The government makes provisions for a part of them and the Catholics have done something to help. But the Bethesda home is trying to furnish good comfortable neat cottages for the lepers, and good consecrated nurses have given their lives to the work. You can't realize what this means. In Bethesda we have room for only 43 patients though by doubling up a little we are now accommodating 50. We want two more cottages at once, and I am endeavoring to get enough money in addition so that we may have a little fund from which to draw for the care of these sufferers."

"As it is, they live from day to day, trusting that each day will bring the necessary supplies. So far this has always been done, but it is purely a matter of faith."

"In the isolation of these people," said Miss Van Hoogstraten, "lies the prevention of the spread of the dread disease to all parts of the world. Living in their homes, there is much greater danger of the escape of the lepers and of the spread of the disease."

"It seems to me that the white man is largely to blame for leprosy in Dutch Guiana," she said. "For it was not until the introduction of negro slaves from South Africa that the disease developed. The government at once recognized the need for some assistance for the lepers, but what the Bethesda home is trying to do is to provide comfortable clean cottages where these people may live, and suffer as little as possible."

Contrary to the belief of many leprosy is a very painful disease. The flesh and bones do not fall away in chunks as many have supposed, but rather in small pieces. I have seen the nails drawn up to the top of their hands. However the disease is not as contagious as it has been believed though it is very infectious. None of our nurses have ever contracted the disease.

"The cottages which we build will accommodate four or five people. The greatest expense in building them comes in providing the water tanks. The water supply is limited

and sometimes they suffer much for the lack of it.

"But we are doing all we can to interest Americans in the project and we believe that we shall be able to do a great Christian work for these poor sufferers."

THE CASE AGAINST SOULE STANDS

In the circuit court in Grand Haven this morning Judge Cross denied the petition to have the capias taken out against former Judge of Probate Soule thrown out on the ground that there were flaws in the affidavit in which the capias was based.

Judge Cross held that the capias was all right and that there was no excuse for throwing it out. As a result of this decision former Judge Soule will have to stand trial in the \$10,000 damage suit brought against him some time ago by Probate Judge Edward P. Kirby. The suit was brought because of alleged letters written by Soule to prominent Republicans in Ottawa county which in the affidavit are called slanderous.

NUMBER ENROLLED IN THIS COUNTY IS SHOWN TO BE 6401

Politicians Realize That Hollanders Cut Quite a Figure in An Election.

The candidates for county and legislative offices who have been campaigning Ottawa county the past six and eight weeks declare that the task of covering this county, shaking hands with voter and meeting the people at the various gatherings is no easy one. This county during the next ten days, the last ten days of the campaign will be thoroughly covered by the candidates for Republican nomination and few indeed will be the men who have not been met and sounded by some one or two of the many candidates.

County Clerk Jacob Glerum has a table which shows that there are 6401 enrolled Republicans in Ottawa. The various townships have the following number: Allendale 214; Blendon 206; Chester 95; Crockery 214; George 225; Grand Haven township 108; Holland township 415; Jamestown 271; Olive 296; Polkton, 398; Robinson 91; Spring Lake 288; Tallmadge 144; Wright 91; Zeeland township 273; Zeeland City 317; Holland City 1728; Grand Haven City 1027.

The north river townships of Chester, Crockery, Polkton, Spring Lake, Tallmadge and Wright show an enrollment of 1230 as compared to an enrollment of 2099 in the south river townships exclusive of the cities. The cities of Zeeland, Grand Haven and Holland have a total enrollment of 3072, which would make the total vote south of the river 5,171 or nearly five times as much as the north river townships.

The politicians have found that it is the south river towns that poll up the vote and while they are not neglecting the north side, it's the south that's getting the bulk of their attention.

Then there's another thing that the politicians are watching closely and that's the "Dutch" vote. The primaries two years ago showed that the Holland vote is something for the future politician to look after. The surprising defeat of Fred Gordon by Hubert Pelgrim showed plainly enough what this vote would do. In this city while Holland Americans predominate the so-called "Dutch" vote has never been worked as it is evidently worked in the Holland rural townships like Allendale, Blendon, Georgetown, Holland town, Jamestown, Olive and Zeeland town. In these rural Holland townships the church wields a wonderful influence and the politicians have found it out and are now directing their heaviest guns in an effort to get that vote. Their efforts are to be seen in various ways. The church papers and magazines are being largely used by candidates in advertising

their candidacy and the strong men in those communities are being used to assist the campaigners.

Judge Kirby Should Be Returned.

The Grand Haven Tribune Saturday printed the following complimentary article on the work of Probate Judge Edward P. Kirby of Grand Haven:—

The decisions of the Judge of Probate are final in delinquent cases, and cannot be appealed from and should a boy or girl in whom you are interested come before him he has unlimited authority and can send him or her to the Reform school if he wishes. In the hands of the right man this is a very important duty, and Judge Kirby has worked out a system for the handling of delinquent boys and girls that has saved dozens of them from the taint of the reform school. He believes every effort should be made to show the child the error of its ways and every chance given it to correct its faults. He appoints probation officers, getting kindhearted men and women to act in this capacity without charge, and makes the child report to its officer at stated times, usually once a week. He also gives them good talks and keeps in touch with them. This method has had remarkable effects, as many parents can testify. In his work the Judge has also learned that many cases of delinquency are caused by trouble such as adenoids, and when the parents' attention had been called to this fact, and they had had a slight operation performed, the child's deportment became all right. A careless Judge might have sent all these delinquents to the reform school and thus saved himself a lot of trouble, but a conscientious man could not. What work could be more important and require more good judgment and patience than the saving of these delinquents to become good men and women. Then also in his other judicial duties, the Probate Judge is com-

pelled to decide points of law between contesting heirs to estates that mean a great deal to both Ottawa county and its people. Here too, Judge Kirby exerts a kindly influence, and in very many cases he has managed to bring the contestants together and gotten them to settle their disputes among themselves and saved their estate expensive lawyer fees. When your estate comes before the Probate Judge if the matters are not handled correctly, and proper decisions given, your heirs may be caused endless expense through litigation. No actual money is taken in in the Probate court, but the judge passes upon millions of dollars worth of property, decides the legal points in connection therewith, and gives wholesome advice at a time when good advice is usually sorely needed. Judge Kirby has saved executors and administrators of estates thousands of dollars because his business experience enabled him to give them sound advice. He has become such an expert in probate law that his decisions are now rarely questioned. The work in the probate office is so heavy that it requires the entire time of Judge Kirby, his Register, Mr. Sluiter, and his stenographer, Miss Robinson, to keep up with it, and Judge Kirby pays Miss Robinson's salary out of his own pockets in order to keep the work in shape to be turned out promptly and save estates delays. There have been over 29000 papers filed in the probate office during Judge Kirby's time, and when it is considered that all matters require careful thought, and in contested cases all testimony has to be heard, some faint idea can be had of the work of the probate court. In the Ferry estate case alone over ten thousand typewritten pages of testimony were introduced all of which had to be considered by the Judge before rendering a decision. In this case Judge Kirby held that the executor was indebted to the estate in the sum of \$1,220,000.00. This decision was never appealed from and stands today as final. These are some of the trials of a probate judge and show why the people insist upon keeping a good judge in office. Judge Duffee of Detroit has been judge of probate of Wayne county for over 31 years, and his work is so well appreciated that no candidate comes out against him. Of Probate Judge, G. H. Tribune, Ottawa county is fortunate in having as a judge a man the equal of Judge Duriee in every respect and should see that Judge Kirby is reelected

CHIEF KAMFERBEEK VICTORIOUS

The case of Edson Hennessy vs. Chief of Police Kamferbeek came up in circuit court in Grand Haven Thursday and the result was a victory for Mr. Kamferbeek. Attorney Smedley who appeared for Hennessy dropped the case Thursday and that will probably end the matter for good.

The trouble began as far back as October 25, 1908. On that date the store of John Farma in this city was burglarized. The local police department immediately got busy following clues and two weeks after the burglary, Chief of Police Kamferbeek arrested Hennessy in Grand Rapids on a charge of having been implicated in the affair. He took Hennessy to Holland and detained him here. It appeared very soon however that the case against Hennessy did not warrant holding him and he was then released.

Later Hennessy started suit against the chief of police for false imprisonment. In July 1911 Hennessy was given a judgment against Kamferbeek to the amount of \$225 and costs. Attorney McBride and Sooy of this city who represented the chief and who had fought valiantly for him, immediately made a motion for a new trial which was granted.

Meanwhile there was a great deal of discussion in regard to the new trial, whether the city of Holland should take the matter up or not. Mr. Kamferbeek constantly declared that he would sooner go to jail than pay the judgment, since he declared he had simply done his duty in arresting Hennessy.

The case came up in circuit court yesterday and Attorneys Sooy and McBride who had carefully worked it up were able to procure a favorable result for the Holland chief.

FIVE REPUBLICAN CANDIDATES UNOPPOSED IN COUNTY FOR NOMINATION.

Glerum, Van Anrooy, Osterhaus, Pelgrim and Peck Are the Lucky Five.

County Clerk Jacob Glerum, and Register of Deeds, John F. Van Anrooy are not obliged to worry about securing renomination for their respective offices on the Republican ticket this year. Both of these efficient county officers are unopposed for the denomination and "past history of Ottawa county repeats itself" there should be no doubt about their reelection. Both are serving their first term in the county offices, which they have filled for nearly two years with success and to the approval of the people who have dealt with them.

Mr. Glerum was for many years clerk of the city of Grand Haven, and it was during his term that the present excellent system of city accounting was introduced and perfected. He rapidly absorbed the routine of the county clerk's office and handled the job in fine shape before his first year had expired.

Mr. Van Anrooy served as a member of the board of Supervisors from Holland before his election as register of deeds. He has made a good record in the county office and there was no effort to oppose him for renomination.

Hubert Pelgrim county treasurer and L. H. Osterhaus, prosecuting attorney are two unopposed for renomination in the Republican party. Both are serving their first terms in office. Mr. Osterhaus, as prosecuting attorney has been called upon to face some particularly serious situations since his term of office began, notably the last grand jury affairs. But the prosecuting attorney has acted in what he clearly saw his duty regardless of the political result upon himself. Consequently he made some enemies but the great majority of the Republican party men in Ottawa county, recognized the ability of the young attorney and rejoiced in his determination to do his duty as he saw it, and left him unopposed for renomination.

Hubert Pelgrim, has proved himself a painstaking careful official and no one had a desire to oppose him for the Republican nomination. Of course Emmet H. Peck stands unopposed for county surveyor.—G. H. Tribune.

Force of Men Busy Getting Oak Lawn Park Into Shape

The clearing and improving of Oak Lawn Park, recently purchased by Isaac Kouw & Co., is progressing very rapidly. They have a large force of men at work, and the owners expect that after about ten more days they will have this work completed. As soon as this is done the large dock will be repaired, streets cut through surveyed and platted, after which the lots will be put on the market.

Several outside parties have already looked over the grounds as well as a number of local parties some of them having already selected spots where they expect to buy as soon as it is on the market.

BUYS BUILDING AND PART OF EQUIPMENT SOLD AT AUCTION SATURDAY.

Dr. H. J. Poppen bought the building and a large part of the machinery of the Holland Umbrella & Novelty Works at the auction last Saturday. Dr. Poppen has purchased this property for the sole purpose of keeping the business in this city. He has faith in the future of this concern which will continue to do business at the old stand renting a large part of the building for this purpose.

There will be other departments in this plant which is a large one which may be rented to other growing concerns. While Dr. Poppen is the owner of the property it is not his intention to have any connection whatever with the manufacturing end of the business. He is the landlord and will rent the building in whole or in part and give the company which has been having a strenuous time keeping its head above water another chance to make good. It is rumored that another automobile garage will be installed in a part of the building. This however, is but a rumor, no definite action having been taken along this line. Other managers of budding industries are looking over the grounds with the idea of locating there as this plant is exceptionally well located.

NUMBER OF STATE FRATERNAL AND BENEFIT ORGANIZATIONS UNITE AND FORM ONE BODY

A very important convention was held in Kalamazoo last Saturday. There are a number of fraternal and benefit organizations about the state which have hitherto been acting under separate charters, and the convention was called for the purpose of considering the advisability of welding the different bodies into one organization.

The convention was called to order at 2 o'clock in the afternoon and it was the midnight hour when the deliberations were completed. It was finally decided to merge the societies into one incorporate body, called Knights of the Pyramids, and a constitution and by-laws were adopted. The new organization starts out under the most favorable auspices, as owing to the merging of the different bodies it already has a considerable membership and much preliminary work has already been done. Officers were chosen as follows:

Past Ruling Knight—Vernon F. King.

Ruling Knight—N. J. Whelan.

Secretary—Arthur Van Duren.

Members of Executive Board—Lou Ehrman, A. Kilmarten, George Newman, Kalamazoo, Geo. Case, Glenn Robbins, Ludington; Ward Phillips, Holland.

The delegates from the I. O. O. R. of this city, the local organization which was one of the societies merged into the Knights of the Pyramids, were Gillis Boyenga, Ward Phillips, Vernon F. King and N. J. Whelan.

The trip was made in Fred Jackson's Ford car and it came nearly being a swimming match before the party arrived home for in the vicinity of Kalamazoo and Allegan a heavy thunder shower prevailed and the roads were nearly converted into streams. But the Ford was equal to the emergency and in spite of the rain and the darkness, made the return trip in record time.

Treated So In Tennessee Where Many That Go From North are Bagged.

Many of the robins that leave this state to spend the winter in the south never return and the reason is found in a pamphlet just received by J. D. Parker of the advertising department of the G. R. & I. from Tennessee. The book describes the many points of interest in that state and is the first annual automobile and resort guide to be issued in Tennessee.

In the game and fish laws are given and in the list of game birds is included robins, the season being given as from October 1 to April 15. No hunter must have more than 50 in his possession at any one time. The idea of treating robins as game birds is repulsive to the bird lovers of Michigan, and yet in the southern states they are considered a delicacy.

D. A. Heath of Saugatuck, a supervisor of Allegan county was arrested in John Ball park yesterday afternoon by Officer Lakke on a charge of being drunk and was given a ride to police headquarters in the patrol. He was held in a cell for several hours when a friend in this city secured his release by putting up a \$25 bond. His hearing came up in police court.

Probate Office—Long Term

What chance has any voter, his brother, or his son, to run for any county office within the gift of the people if an office holder is to continue in office for years.

Governor Osborn said he could serve the state best by holding the office of governor for one term, two years. He made good and declined the second nomination.

The most responsible county officers that of county treasurer, where thousands of dollars are handled by the county treasurer each year. The probate court handles but little money as compared with the county treasurer's office. Where could there have been more obliging and efficient men to fill the county office than Elbert Lynn, William D. Van Loo, Henry Pelgrim and Walter Clark, and yet the law demanded a change every four years. Not a question of how nice or how good county treasurers they were.

Sheriffs in the past like Ed Vaupell, Bass Keppel, F. Van Ry, H. Dykhuis, Jesse Woodbury could hold office only four years under the law. It was not a question of how nice or

how good the sheriffs were.

For several years there has been a strong sentiment in the county that no man should hold office for a third term, and hence men like John Rutgers, Peter Brusse, Andrew Ward, C. C. Coburn and F. McEachron were all defeated for a third term. This proves that other good men could fill the offices.

Without saying one word against Mr. Kirby as judge of probate why should he be an exception to the rule and hold office for 15 years. He filled an unexpired term of Judge Goodrich for three years and was twice nominated in convention for two (2) terms of four years each—making in all 11 years. Judge Soule held the office two terms, eight years. Judge Goodrich held the office nearly nine years and resigned when Mr. Kirby was appointed to office while living in Duluth, Minn., in Dec. 1901. There is nothing hard about the office to fill. The office requires an honest, efficient and helpful man, who is conscientious, obliging and who is considerate in all his dealings with men, women and children. Such a man is James J. Danhof who is a candidate for said office. Mr. Danhof has practiced law since 1893 and is familiar with probate work. In former years, Mr. Danhof at the age of 14 years, worked at the tailor's trade. Holds degree of Master of Arts—Hope College. Was bookkeeper for H. C. Akley. Worked four years for U. S. government. Graduated from Law department, Michigan University in 1893. Mr. Danhof understands both Dutch and German.

While Mr. Danhof has been active in Republican circles for years, he has never run for any county office. Should he be nominated and elected the public can be assured of prompt and impartial treatment in all probate matters. He cordially asks for your support. When you vote place an (X) before his name. Primaries August 27.—Pol. Adv.

LARGE CROWD GATHERS AT JENISON PARK TO SPEND DAY'S OUTING.

Miss Alma Plakke Wins First Prize and Adeline Tupper Gets Second Honors.

Never was there such a Farmers' Picnic as the one which was held at Jenison Park yesterday. The weather was ideal for the event and all day long the cars were crowded by people making their way to the scene of the big doings. It is believed that there was a larger crowd at Jenison yesterday than had ever gathered there before on a similar occasion. It is estimated that there were at least 5,000 people at Jenison Park.

Some idea of the size of the crowd can be given when it is known that at noon that 2500 cups of coffee were served by the refreshment committee besides 400 pounds of beef. And at six o'clock 500 more pounds if the roast oxen and 3,500 cups of coffee were served to the picnickers.

All the events were pulled off per schedule and everything moved as smoothly as clock works. There was not a hitch anywhere. The large crowd was exceptionally well behaved and although everyone enjoyed him or herself to the utmost there was no boisterousness at any time. The park was well policed and patrolled, the officers being on the lookout for crooks and pickpockets who usually reap a rich harvest on occasions such as yesterday and are generally to be seen mingling in the crowd. Yesterday, however, was a slim day for them. The park management had secured the services of two Grand Rapids and one Chicago detective and the deputy sheriffs were there in force and on the job at all times.

Mrs. Fred N. Roe of Grand Rapids addressed the large crowd on the subject of Woman Suffrage. Her address was forcible and many of the listeners had light thrown on many points that hitherto were no more than mere phrases. Candidates for various county, state and congressional offices also delivered addresses and lovers of oratory and of the great political game were in their glory.

Then there was the baby show. The baby show of yesterday differed greatly from the usual run of baby shows in that that there was not the least dissatisfaction expressed either by the babies, the mothers or the friends and the judges' job which is usually one that is dreaded by all and sidestepped whenever there is the least chance was a pleasant one yesterday. The judges circled among the crowds, viewed the babies as signed them numbers, not knowing the names of the parents and gave their marks according to the number. Everyone was satisfied.

Little Miss Anna Plakke, aged 9 months was given first prize; Adeline Tupper, one year old, second prize and John Nies aged 15 months third prize. The youngest baby was that of Mr. and Mrs. George Volkema which was just four weeks old and the next youngest was that of Mr. and Mrs. Charles Hayes which was just one week older. The judges were Mr. Woods of the Chicago Prairie Journal, Mr. McCall of Grand Rapids and P. J. Haan, also of Grand Rapids.

The winners of the prizes in the various games were: boys running race—Gerald Slaght, 1st; Lawrence Nyland, 2nd. Fat ladies' race—Mrs. Quartell, 1st; Mrs. Crane, 2nd. Girls' running race—Anna Van Tongeren, 1st; Anna Muuse, 2nd; Wilma Vander Heuvel, 3rd. Young ladies' race—Mrs. McFall, 1st; Miss West, 2nd. Married Men's running race—Tom Tasker, 1st; Henry Top, 2nd. Young men's running race—VanderBroek, 1st; John Reimink, 2nd. Girls race—Everdina Karsten, 1st; Mamie Kammeraad, 2nd; Janet Van Haften, 3rd. Ladies' Nailing contest—Mrs. Johnson, 1st; Mrs. H. Fischer, 2nd. Second contest—Mrs. St. Clair, 1st; Mrs. Charles Knapp, 2nd. Men's Nailing Contest—Paul Dogger, 1st; F. Blanford, 2nd.

Those who succeeded in climbing the greased pole were Lambert Dieterman, Wm. Roméyn, Lewis Kamps, Tom Wilmington and Harvey Sullivan.

The tug of war between the farmers of Allegan and the farmers of Ottawa counties was won by the Allegan county team.

The balloon race between Mademoiselle Irene and Monsieur Mac was declared a tie by the judges. The day was an ideal one for an ascension. Scarcely a breath of air was stirring as the balloons were freed and the petite Irene and nonchalant Mac were swung gracefully up from earth to clouds. The balloons were freed at the same time and separated only by a few feet they shot forward and upward side by side. The balloons then freed the parachutes and came back to earth gracefully

and safely.

The crowds stayed at the park until late in the evening although many left for home early in the evening in order to avoid the rush. The Farmers Picnic which is an annual event was given added impetus by the success of yesterday. All went home satisfied and had only words of praise for the management.

During the afternoon several of the candidates for county offices were introduced and made speeches, but the people did not have the opportunity of hearing Al Hidding. Diligent search failed for a time to reveal the big groceryman, but he was finally found in charge of the coffee serving brigade and sent back word that he was too busy taking care of the visitors to do any talking.

LOCAL

It costs an average of 18 cents a school day per child to put the rising generation of this country through the elementary and high schools. But it is a very indifferent youngster who isn't worth that much—and a lot more.

While playing near her home on Pine street little nine year old Florence Bickford fell and broke her arm. Dr. Bruinma was called to reduce the fracture.

Albert Lubbers, a prominent East Saugatuck farmer, was seriously injured while harvesting oats. Two loads remained in the field and the first was drawn and let on the barn floor. A hurried trip was made for the last load and when he reached the barn, he alighted and, walking backward, led his team into the barn. Forgetting about the other load, the horses entered the barn on a jump and Lubbers was wedged between the two loads. The tongue of the wagon was pushed against his abdomen with terrific force, but fortunately glanced off. Lubbers was picked up unconscious. He received internal injuries which may result fatally.

It is predicted that the vote he will receive in Kent, Ottawa and other West Michigan counties is bound to make the result close. Alfred Lucking, the other democratic aspirant, has an advantage in the that there is a big democratic enrollment in Wayne. However, Hummer is carrying his campaign into Wayne.

Klaas De Maat was arrested on a charge of drunkenness by the local police. When hauled up before the court an attempt was immediately made to learn where De Maat had secured the liquor. Finally he admitted that John Schonvelt had secured the liquor for him and a warrant for the arrest of Schonvelt on the charge of furnishing liquor to a habitual drunkard was immediately sworn out. De Maat was released on suspended sentence. Schonvelt appeared before Justice Sooy and he was bound over to circuit court.

Gerritt Looman has threshed 300 bushels of oats out of three wagon loads of sheafs. Such a large yield was never known in this locality.

The tag day boosters are working hard to make arrangements for the event Saturday. Such towns as Fennville, Graafschap, Zeeland and various other towns are being covered and it is expected to receive a goodly amount of money from these districts. Local women are co-operating with the representatives from the Michigan Children's Home society to make tag day Saturday a success.

Tuesday Mr. and Mrs. Benjamin Kamferbeek and daughter Cornelia left for Marion, New York, where they will spend a few weeks with the Rev. and Mrs. Isaac Van Westenberg. Mr. Kamferbeek who is employed as foreman in De Hope printing office, having been connected with that concern more than thirty-five years, will take a vacation of three weeks or a month, the first long vacation he has taken for many years. The party expect to visit points of interest in the East before returning to Holland.

Mr. and Mrs. R. Root have issued invitations to the approaching marriage of their daughter, Britina, to Dr. C. E. Boone. The ceremony will take place at their home in East Holland, on Monday afternoon, Sept. 4 at 4 o'clock. The young couple will make their home in Olive Center.

Our Congressman At Large

PATRICK J. KELLY
Everybody knows "Pat" Kelly and most everybody who knows that he is a candidate for Congressman at large would be very pleased to see him get the nomination and election. Mr. Kelly is endowed with a personality that is bristling with force and energy and possesses qualifications intellectually that will not be a handicap in meeting conditions in the house representatives at Washington. He combines those two useful ingredients in his make up as a republican just enough conservatism to make his progressiveness a valuable asset.

CANDIDATE VISITED CITY

Carl E. Mapes, candidate for the nomination for congressman on the Republican ticket was in Holland for a few days and while in the city, he met many of the voters. During his stay here he went into a number of the local manufacturing institutions, and was made known to the men. Mr. Mapes received a cordial welcome wherever he went and

many of his campaign cards were given out to the voters. Mr. Mapes is a young man who has already made a name for himself in state officials circles, having served with honor as state senator from the Grand Rapids district. At Lansing he was never afraid to stand out for what he believed to be right, and for the stands he took on a number of important questions attracted the favorable attention of the state papers to him. Mr. Mapes has many good friends in Holland and in his trip around the city this week he made a good many more.
